

NMC Announces Acquisition of NOISETEK

Eynatten, Belgium – November 4th 2011

The NMC group (www.nmc.eu) is pleased to announce the acquisition of privately held AB NOISETEK Oy (www.noisetek.fi) by its Finnish entity NMC Cellfoam Oy. With this transaction that took place retroactively on October 1, 2011, NMC acquired all shares from the present owners Mr Jussi Eerola and Mr Jari Salomaa, whom will continue to work for NOISETEK Oy.

NMC Cellfoam Oy, based in Laitila, Finland, is the leading polymer foam converter in Finland. The plant generates innovative solutions for the industry and the end-customers.

NOISETEK Oy, based in Kangasala, Finland, is the leading converter in the noise and vibration control market segment.

“With this acquisition we are not only strengthening NMC’s presence in the Finnish market”, said Matti Kaarnakari, Managing Director of both NMC Cellfoam Oy and NMC Termonova Oy, companies NMC Group acquired in 2006. “We are also gaining strong talent and know-how in the noise and vibration control market” states Jean-Marie Ahn, Business Unit Manager NOMAFOAM, for the NMC group.

NMC (www.nmc.eu) is specialised in foam extrusion and has a strong European presence with factories in 11 and sales offices in 19 countries. NMC products are used in a wide spectrum of applications including technical insulation, interior and exterior decoration, packaging, sport and leisure and for industrial solutions. NMC achieved sales in 2010 amounting to 175 million € and employs 1.150 people in Europe.

NOISETEK Oy will continue to operate from its present site in Kangasala, Finland.
